LIFE WELL LIVED

A life well lived is a precious gift,
of hope and strength and grace,
from someone who has made our world
a brighter, better place.

It's filled with moments, sweet and sad
with smiles and sometimes tears,
with friendships formed and good times shared,
and laughter through the years.

A life well lived is a legacy,
of joy and pride and pleasure,
a living, lasting memory
our grateful heart's will treasure.

We Remember Them

At the rising sun and its going down – we remember them.

At the blowing of the wind and in the chill of winter – we remember them.

At the opening of the buds and in the rebirth of spring – we remember them.

At the blueness of the skies and in the warmth of summer – we remember them.

At the rustling of the leaves and in the beauty of autumn – we remember them.

At the beginning of the year and when it ends – we remember them.

As long as we live, they too will live, for they are now a part of us – as we
remember them.

When we are weary in in need of strength – we remember them. When we are
lost and sick at heart – we remember them.

When we have decision that are difficult to make – we remember them.

When we have joy we crave to share – we remember them.

When we have achievements that are based on theirs – we remember them.

For as long as we live, they too will live.

For they are now a part of us – as we remember them.
