

— Title of Your Experience

IN OUR GRIT, OUR GLORY.

A PowerPoint template show above is sent to each presenter one week before the program for branding consistency of the field trips.

Virtual Field Trips

Join Nebraska 4-H as we go on-site to learn more about science, agriculture, technology, and more! Virtual Field Trips offer facility tours, educational experiences, and additional resources for teachers. Virtual Field Trips are perfect for youth in 7th-12th grades. Sessions may be recorded and made available for on-demand viewing. Youth do not need to be 4-H members to participate.
