

AZ 4-H Ag at Home Webinar Series – Animal Projects

AZ 4-H Ag at Home
Webinar Series – Chicken

EGGcellent Eggs

Ashley Wright, MS
Extension Livestock Area Agent
Cochise County

Josh Moore, MS
4-H Agent
Pima County

Lash Eggs

- Not a real egg, DO NOT EAT
- Really just a big gob of puss, egg shell, egg white, maybe some yolk
- Due to infection within the reproductive tract. Not good and usually fatal

Webinar Etiquette

All participants are muted with no camera, since this is a learning experience within a limited time frame.

Please clearly type any questions into the Q & A box.

Questions will be addressed at the appropriate time, please be patient.

Please be polite and respectful in the chat.

The recording will be available later.

If there is inappropriate or harassing behavior, that participant will be removed without warning.

Earn and Learn: Ag at Home T-Shirt

- If you attend 5 or more of this AZ 4-H Ag at Home Webinar series, you can earn a free t-shirt (mockup on left)
- Must attend live sessions, past webinars in the series count.
- After series, registered attendees will receive an overall survey, and after filling it out, you will have check box section to check off the webinars you attended live, request size, and to provide a mailing address
- If your check boxes match the attendance data, you will receive a t-shirt in 6-8 weeks - woohooo!!
