When you read through the Special Edition of The County Agent, it is obvious that committee work and related activities is the essence of what it takes to achieve NACAA's mission. Becoming active in the NACAA committee structure will provide you with a wealth of both professional and personal growth. Give serious consideration to any of the state and national committee positions that are available.

The application submission is available on the NACAA web site at the link noted below. The deadline for submissions is **March 15, 2023**. Appointments will be made at the Spring Board Meeting.

Building NACAA with a solid foundation

In a building project there are many things that, while needed and useful, are not part of the structure which is the goal. For example, scaffolding and a tool crib are essential, but they do not remain when the building is complete. Nor do job-site Johnnies, fencing and area markers. Eventually all these will be stripped away, leaving nothing but the structure – a structure that is dependent on the quality of the building blocks and the skill in putting them together.

Our national association, a work in progress, is somewhat like that. Sometimes we focus on the extraneous things that accompany the building process and overlook the fundamental building that is going up. The building blocks of NACAA are the state associations and the strength of them is reflected in the strength of the national association.

Last March, Scott Hawbaker reported that NACAA had 3084 members: Extension professionals who serve different audiences and respond to different needs, but who are united in using education to build people, businesses and communities. Yet, there are others who could be a member of NACAA. For NACAA to grow, state associations must increase their membership. For NACAA to become as diverse as the universe of ag agents working at the 1862, 1890 and 1994 land-grant institutions, they must first be members of state associations.

I'd like to challenge states to reach out to some who are not current members and work to get all members involved. When members are involved, they benefit from the association and attract new members. Likewise, we all benefit from their involvement.

Phil Durst
NACAA President

Just as NACAA helps individual agents/educators learn from one another, we also want to help state associations learn from one another. As we do, we increase the strength of the foundation of our national association. This past November, we held our first Presidents' Town Hall Zoom with 47 tuned in live from states in every region. We had leaders from four states share things they are doing that make their association stronger.

Josh Sherman and Betsy Green spoke about the Western Region PIC, that Arizona hosted this past October. The Western Region has been doing this for a number of years, rotating it between states. It was a great opportunity to learn from peer presentations and tours. Ben Phillips of Michigan, spoke about having administrators as association members and what that means for the members. Amanda Bennett of Ohio told how they involve their members and encourage both NACAA leadership and program submissions by their members. Landon Marks of Alabama told us about the County Agents Kitchen, a long-standing connection to state leaders through foods grown in the state. Feel free to follow up with each of these to learn more.

We also want to hear what your state can highlight during our Spring Presidents' Town Hall Zoom. Contact your NACAA Director and offer to share a strength during our next call.

I want to commend the work of Linda Chalker-Scott, editor of the Journal of NACAA as well as those who volunteer to review articles. The Journal provides a great opportunity for members to publish in a peer-reviewed journal and share successful scholarly work such as applied research, scholarly reviews, demonstrations, case studies, innovative ideas and related Extension activities. The reviewers will help and guide you to successfully publish. Set a goal to submit an article in 2023!

Lastly, a few weeks ago, I attended the Michigan Farm Bureau Annual Meeting. Their theme was People, Purpose and Possibilities. I thought about how well those describe the strength of NACAA. You, our members, are creative, intelligent, engaging and effective and we have a great purpose. Without a doubt, the possibilities for our association are endless. Let's keep working together to identify and realize some of those possibilities!

APPLYING FOR 2023 NACAA AWARDS PROGRAMS

The General Application process is found on-line at

<https://www.nacaa.com/award-application>

and for the majority of the awards listed in this publication, on-line applications are mandatory.

Note: 1) NACAA policy states that all first place national winners and all national finalists must register and attend the AM/PIC to receive their award.

All program entries must be in possession of respective committee state chair by March 15, 2023, except where noted. Applying earlier is encouraged.

Current members of the NACAA Board may **not** enter the professional improvement programs with the exceptions of DSA and AA. State chairs, regional vice chairs, and national chairs may participate in the programs which their committees are administering according to criteria determined by the NACAA Board of Directors. Contact NACAA Vice President Scott Jensen for further details at scottj@uidaho.edu.

Attendance Requirement

NACAA policy states that all Achievement Award (AA), Distinguished Service Award (DSA), National Finalists, National Winners, and Poster Session Presenters must register for the NACAA Annual Meeting and Professional Improvement Conference and attend the designated ceremony to receive their award (minimum 1 day registration fee). Decisions on requests for non-attendance and excused absences will be made on a case by case basis by consultation among the respective National Committee Chair, in concert with the National Committee Vice Chairs and the NACAA Vice President. Excuses may be granted to AA, DSA, National Finalists, and National Winners for extreme personal or family illness; circumstances which would seriously jeopardize their job; or similar extreme situations. The intent of this requirement is that awards are inclusive of cash, plaques, and certificates.

In the event a national winner does not receive an excused absence from attending the AM/PIC, the national winner's award will be presented to the next ranking National Finalist who attends the AM/PIC. If none of the National Finalists attend the AM/PIC, a national winner award will not be presented.

In the event a national finalist does not receive an excused absence from attending the AM/PIC, the national finalist award will be forfeited. If a national finalist award is forfeited, there will be no replacement from lower ranking entries.

Note: The National Winner who is asked to make a program presentation at the AM/PIC is eligible for a reimbursement of the AM/PIC registration fee. In case of a team presentation, the value will equal one registration.

JCEP Creative Excellence Award

DESCRIPTION

Often, the most creative and innovative ideas - the ones that advance the science and art of Cooperative Extension - come not from committees, but rather from individuals or small teams who see something at first that the rest of us don't. Through their insight, passion and persistence, their "wild" ideas gain acceptance, enabling all of us to excel. This award recognizes those individuals or small teams and their unique contributions - whether they are early in their Extension careers, mid-career, or late career.

For the purposes of this award, innovation is an approach to emerging issues or addressing existing issues in exceptionally creative or novel ways that get results, and that others want to emulate.

ELIGIBILITY

Candidates must be a member of NACAA in good standing.

JUDGING

NACAA Council Chairs along with the NACAA Vice President will review all applicants and present to the board of directors - one individual or small team (2-5 members) for recognition as the overall recipient of the JCEP Creative Excellence Award. Each individual nominee or team will receive recognition and a \$250 stipend (1 award) to be presented at the NACAA AM/PIC.

All of the honorees' innovative and creative achievements will be highlighted on the JCEP website and in JCEP communications.

Judging will be based on the following criteria:

- 1) Do the nominee's efforts address emerging issues or current issues in unique ways?
- 2) Are the innovative efforts new, that is, not widely conducted previously in the state or region?
- 3) Does the nominee exhibit a pattern of innovative and creative efforts extending beyond a single program or product?
- 4) Are the innovative and creative efforts highlighted in the nomination leading to change in individuals and communities?
- 5) Are other Extension or outreach professionals adopting the innovative and creative approaches developed by the nominee?

Online application is due by March 15, 2023.

COMMUNICATIONS AWARDS PROGRAM

PURPOSE

To recognize NACAA members who excel in communicating programs and ideas to their clientele.

ELIGIBILITY AND JUDGING CRITERIA

Members of NACAA in good standing with their state association are eligible to enter, including team entry members. Extension editors and/or other paraprofessional Extension Communication specialists are not eligible. Only one entry per class per individual. All classes are open to entries from one or more NACAA members with the exception of Class 2 - published photo and Class 5 - personal column, which are open to individual entries only. Entries must have been created with major input from the member. Materials must have first been made available to the public between March 15 of the year prior to the award and March 15 of the award year.

Entry materials that have already been state, regional, or national winners are not eligible again. First place national winners may not repeat in consecutive years in the same category. Communications Committee State, Regional, and National Chairs are not eligible to participate in this program unless they are one member of a team entry with another person as the primary entrant. Please note that NACAA policy states that the National Winner and National Finalists of the Communications Contest must register for the NACAA Annual Meeting and Professional Improvement Conference and attend the designated ceremony to receive their award (minimum 1 day registration fee) or the award will be forfeited.

ENTRY

Electronic submission **must be** made for all 13 categories. However, categories 8 (Video Recordings), 12 (Learning Module/ Notebook) and 13 (Bound Book) may require materials being sent (mailed) to State Chair if file is too large to submit electronically or if unavailable in PDF format. Even in these cases there must be an electronic submission of an abstract and entry information. Maximum file size for submissions is 25MB. Refer to NACAA website for directions on submitting entries electronically.

Note: NACAA will do everything possible to safeguard entry materials. However, it is recommended that members duplicate valuable entry materials in case materials are lost.

ABSTRACT

Each entry must have an abstract. Include member's name, state and county (team entries should list all NACAA members who contributed to the entry); a short summary that includes objective, purpose (why, when, how, audience, audience number and results); and how the entry was prepared (i.e. recorded, edited, printed, or duplicated professionally or by field staff on field office equipment), how distributed and how many were distributed. The abstract should include the member's contribution to the final product. Abstracts for all regional and national winners will be published and posted on the NACAA website. **See page 12 or NACAA website for abstract example and format that must be followed. The abstract is written as a single paragraph.**

CATEGORIES

1. Audio Recordings - One presentation not to exceed 15 minutes. Recording can be a complete program or segment of a radio program, podcast, etc. to be judged. Member(s) must have been a major contributor to the presentation or conducted the interview(s). In the abstract, indicate date and time(s) used, station(s) where program aired and where recorded (agent's office, station, etc.). Submit electronic entries using MP3 file or provide link (URL) in the abstract where recording is located on the web. 10 MB maximum file size.

2. Published Photo- ONE black and white or color photo taken by a member that tells a story (this is to be one photograph, not a collage of photographs). Include a copy of where published (newsprint, webpage, newsletter, etc. as a pdf scan if photo was published in print or link to online location if posted on a website—judges must have unencumbered access to the published photo). In the abstract indicate the context, target audience, date published, and impacts (number of viewers, clicks, etc.). Submission must include the original photo in jpg format. **ONLY** the photo will be judged.

Search for Excellence in Livestock Production

TURNING A PROFIT WITH BEEF CATTLE

Covington, C.*¹

¹ Area Livestock Agent, Mississippi State University, Port Gibson, MS, 39150

The purpose of this educational program was to increase the individual profitability of the cow/calf producers in Mississippi. I accomplished this task by working with beef producers in identifying their effective production practices, diagnosing their inefficiencies in production, and prescribing corrective measures to ensure their maximum profitability through the optimum utilization of their farm resources. In order to achieve the overall goal of profitability, several smaller goals needed to be met. I utilized multiple program activities and teaching methods, recognizing that different producers learn in different ways. These educational activities included 129 newsletter/circular letters, 131 newspaper articles, and 135 group activities that reached 1,725 producers over the past three years. The producers participating in the program indicated the value of the information they gained from these educational activities in the form of savings or increased profits to their operations at over \$7.5 million. However, the increase in knowledge by these producers is a much more valuable indicator of its true success and effectiveness.

Safety Tip

Myth

If I hit a pipeline and nothing happens, there's nothing to worry about.

Even if it appears the utility isn't damaged, always notify the utility company. Even a small dent, scrape, gouge, or scratch could cause a major problem in the future.
